

The OSI "Growth Map": Which stage are you?

12 Years of Heart & Home at OSI: A Message from Mumbi

"Go get 'em, tiger."

Those were the words our founder Jack Pearce would often send me out with, charging me to step forward and serve with courage and heart. More than encouragement, they became a daily reminder of the culture of mentorship and family that defines OSI.

This March, I am both humbled and proud to celebrate a major milestone: my 12th anniversary at OSI. In a world where business can sometimes feel driven only by the bottom line, my journey has been a powerful reminder that the most meaningful businesses are built on relationships.

Over these twelve years, I have had the privilege of watching so many of you grow from starting with a simple mailing address, to expanding into full offices, building teams, and in some cases, even outgrowing OSI and moving into your own spaces.

And still, the connection remains. Walking alongside you through the ebbs and flows of entrepreneurship has been deeply fulfilling. It has shown me, time and again, that OSI is so much more than a workspace; it is a place where people are supported, seen, and rooted as they grow.

I am incredibly grateful to be part of this journey, honored that you continue to choose OSI, and deeply committed to continuing to serve you with intention, care, and excellence. Here's to the relationships that have carried us; and the growth still ahead.

Client Spotlight

I started my small business with OSI Offices, and they have been more than just an office space provider - they've been like a guardian to my business.

From day one, their team has motivated and supported me in every aspect of my entrepreneurial journey. It's not just about having an office; OSI offers invaluable in-house resources, including connections...

- Tareque Mehdi, Ph.D.

THE OSI "GROWTH MAP": WHICH STAGE ARE YOU IN?

We love watching our members evolve. Where does your business stand today?

No matter where you are, we have the space to help you reach the next level.

This Month's Challenge

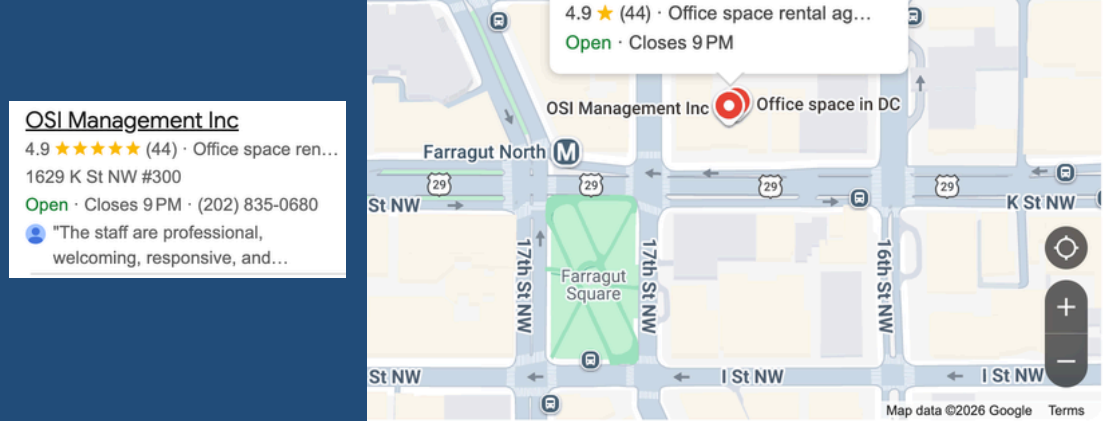

In honor of the late Jack and his favorite morning sign-off to Mumbi, we want to challenge our community this month.

What is one "Tiger Move" you are going to make? Whether it's finally pitching that big client or streamlining your workflow, hit "Reply" and tell us! We'd love to cheer you on.

From the Archive: Did You Know?

Did you know OSI was founded on the belief that a workspace should be more than just four walls. It was built to be a sanctuary for diversity and a launchpad for dreams. 45 years later, with Jack's legacy intact, and Joseph and Mumbi leading the way, that vision is stronger than ever.
